

1. Uninstall the existing ZLINK app.
2. Download this file to USB thumb drive and connect to the radio upgrade system's USB port and install it.

https://drive.google.com/file/d/1ygPNs2YivRfe-MfF96YXwzO9aos_ZXqy

3. After the app has been installed, shutdown the car and lock the doors, wait for 20 minutes. Restart the car again.
4. Connect the radio upgrade to Wi-Fi and launch ZLINK to activate it.
5. Try the carplay again.
